

Michael A. Elrod, DO, FACOS

ABOUT

Michael A. Elrod, DO, FACOS is a highly skilled and experienced general surgeon with excellent outcomes. Dr. Elrod is a proud native of Southwest Ohio and has been practicing in the greater Dayton area since 2006.

SCOPE OF SERVICE

General, Breast and Advanced Laparoscopic Surgery. Dr. Elrod performs open and laparoscopic general surgeries with an emphasis on minimally invasive surgery. He is experienced in screening and prevention and performs endoscopy and screening colonoscopies. Dr. Elrod has specialized training in hand-assisted laparoscopic colon surgery, ultrasound guided breast biopsy and laparoscopic hernia surgery.

Dr. Elrod offers complete breast care services including high risk surveillance, in-office biopsies, and definitive cancer surgery procedures.
